Our mission is to cultivate awareness, understanding, and stewardship of the Wenatchee River region by developing an active corps of well-informed community volunteers.

Thank you! - supporting partners of the Wenatchee Naturalist program

Enjoy these snapshots of our enthusiastic group people who took part in the fall 2015 Wenatchee Naturalist course.
Thank you to conservation organizations introduced to the class by a staff or volunteer:
• Chelan-Douglas Land Trust
• Wenatchee River Institute
• Wenatchee Outdoors
• Cascadia Conservation District
• Washington Department of Fish and Wildlife
• North Central Washington Audubon Society
• Washington Native Plant Society Wenatchee Chapter
• Ice Age Floods Institute Erratics Chapter
• Cascade Columbia Fisheries Enhancement Group
• Chelan County Weed Board
• Columbia Breaks Fire Interpretive Center

Loaner binoculars for all field trips provided by North Central Washington Audubon Society

Use of the study skin collection provided by Wenatchee Valley College Biology Department
